Dear Members,

The President & Managing Committee alongwith Multy Commodity Exchange of India Limited (MCX) have organized an interesting Seminar.

**YOU ARE INVITED
TO ATTEND A SEMINAR ON
PRICE RISK MANAGEMENT
IN BASE METALS**

Introduction

Over the last decade and a half, the all ferrous metal prices have been very volatile and observed huge fluctuations in response to the global economic outlook, industrial production growth, international politics, market balances, exchange and interest rates and many other factors. This uncertainty in prices has a serious impact on the business margins of metal consuming companies and MSME,s.

With not too much bargaining power to negotiate prices and volatility a continuous affair, how do Corporates achieve a cost engineering solution to protect their bottom line.

Take – Aways & Benefits

- Understanding the price Risk Management in Base Metals to manage Business margins better
- Understanding the functions of the Domestic Commodity Exchange.
- Understanding deliveries in Base Metals on Exchange Platform.
