CIR No.06/2017-2018

Date: 13/06/2017

Dear Members,

MEDICAL SEMINAR ON NEUROSCIENCES

EXPLORING STROKE, DEMENTIA & KEEPING YOUR BRAIN YOUNGER AND HEALTHIER.

The Bombay Pipes & Fittings Merchants Charitable Trust along with the Bombay Pipes & Fittings Merchants Association. In our continuous effort to give our members the best, we offer one more in our series of various Medical Seminars this time the subject being, NEUROSCIENCES.

We have managed to get reputed experts on the above subject and explore various events that affect our day to day life.

Neuroscience is by far the most exciting branch of science because the brain is the most fascinating object in the universe. Every human brain is different - the brain makes each human unique and defines who he or she is.

-: Stroke :-

A stroke is a "brain attack". It can happen to anyone at any time. It occurs when blood flow to an area of brain is cut off. When this happens, brain cells are deprived of oxygen and begin to die. When brain cells die during a stroke, abilities controlled by that area of the brain such as memory and muscle control are lost.

-: Dementia :-

A chronic or persistent disorder of the mental processes caused by brain disease or injury and marked by memory disorders, personality changes, and impaired reasoning.

We request your enthusiastic participation and support as all of these seminars are very informative, interactive with audio visual presentation for each activity.

This Seminar will be conducted by well known doctors as mentioned below,

1. Dr Arun B Shah - Consultant & Mentor

MBBS, MD (Medicine), DM (Neurology)- Cerebrovascular Disease and Stroke, Oregon Health Sciences University, Portland, Oregon, USA)

Vast experience of 30 years with special interest in Stroke, Dementia and Neurocritical Care.

2. Dr. Manish A Chhabria - Consultant

MBBS (Mumbai), DNB (Medicine), DNB (Neurology), MNAMS (Neurology)

11 years of extensive experience in Medicine, including 4 years in Neurology.

3. Ms. Shraddha Shah

BA Neuroscience, MA Clinical Psychology

7 years of rich experience in the field of Neuropsychology and Psychology
